

Supergrid® 4

Supergrid 4 is a recently developed open cell option available from the ICBV Supergrid range. The narrow profile width of 4mm creates a crisp and high tech feel and the integrated suspension gives a trackless appearance.

- Profile width: 4mm
- Profile height: 30mm
- Cell size: from 50mm to 600mm
- Standard panel size: 600mm x 600mm

Specification:

...m² Supergrid 4, manufactured from aluminium, with a cell size of Xmm and a height of 30mm. Colour Complete with all suspension.
