

# Crushed Ice Polystyrene

CI/SfB reference

63  
January 2010

**The Crushed Ice** Polystyrene Ceiling Sheets are manufactured from high quality polystyrene resin that produces an attractive low cost ceiling / lighting panel that meets the TP(b) fire rating. Crushed Ice sheets are offered in either opal (as shown above) or clear colours. Sheets are ideal for use in small areas (max 25m<sup>2</sup>) where an illuminated ceiling is required or for underneath small skylights to help harvest the natural daylight.

Crushed Ice sheets are stocked in both metric or imperial sizes to suite 1200 x 600mm or 600 x 600mm exposed tee grid ceiling systems.

Other sizes can be produced subject to quantity.
