## Opal Frost Acrylic

Opal Frost Acrylic diffuser is part of SLP (UK) LTD's, opal flat sheet diffuser in our range of LED solutions. Designed specifically for LED fittings the Frosted Acrylic provides good LED 'spot' diffusion, reduced glare and an excellent light transmission of over 70%. Frosted opal is an extruded product in 2 mm or 3 mm thickness that can be supplied in standard sheet format or cut to your individual requirements. As with all SLP (UK) Ltd products Opal Frost is available from stock for rapid processing and delivery.

For more information please visit our website or call our in house team to answer any questions you may have.
